Dear Chief Administrator of Kasese,

I am writing to share information on the Buzira water project.

We Agri Evolve have met with the community leaders to agree on the Memorandum of Understanding.

We will implement and organise the building of a pipe and tap water system from the natural spring.

The community will be digging the trenches for the water pipes and will have ownership of the complete project.

Technicians and members of Agri Evolve will be moving around Buzira for assessment, support, and instructions for the community.

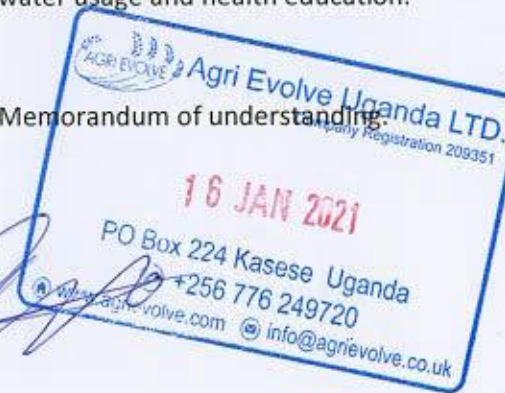

Rwenzori women for Health will be supporting the community with health-related matters and sensitisation of safe water usage and health education.

Please see attached Memorandum of understanding.

Yours sincerely

Beth Rowland

Agri Evolve

Dear Stakeholder,

Community leaders of Buzira

RE: Buzira water project

Happy new year and special greetings to you,

We would like to introduce our proposal and intentions for the Buzira water project.

Agri Evolve is a social enterprise that has been working in the Rwenzori region of Uganda since 2015 having set out to work with local farmers to improve the quality and quantity of coffee across the Rwenzoris. Providing a fair, transparent market and a sustainable coffee supply chain has enabled investment and growth in the local community. We will be working with the Rwenzori women for health.

We hope to provide clean and safe water to people in the Rwenzori region of Buzira. Utilising natural spring water and supporting the system with community education on the importance of clean water and hygiene to improve living standards and general health.

We would like to formally invite you to a meeting at Kisinga coffee station, on Saturday 16<sup>th</sup> at 2pm to discuss the Buzira water project.

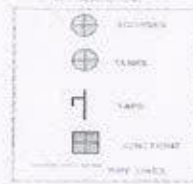

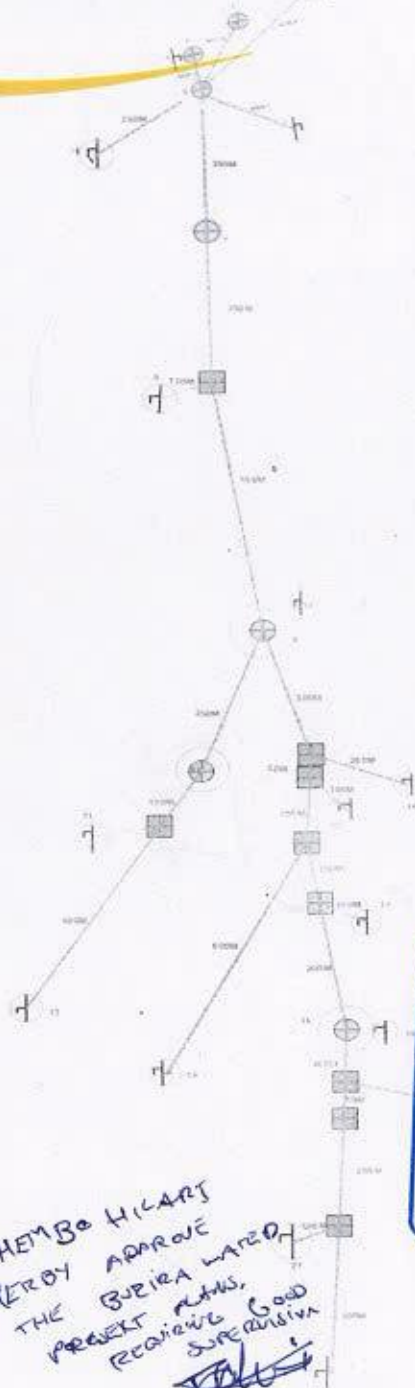

Yours sincerely,

Agri Evolve Uganda Ltd
